PREFACE

THIS book contains brief biographical sketches of the members of the House of the People and has been prepared on the same lines as the earlier volumes of "Parliament of India—Who's Who" containing the life sketches of members of Provisional Parliament. The information has been gathered from the particulars furnished by the members themselves and every effort has been made to ensure accuracy as far as possible. Information has, however, not been received from certain members till the 15th December, 1952, when this book was sent to the Press for publication. The names of these members have been shown in an Appendix to this Book.

New Delhi,
The 15th December, 1952.
